Report from the Board of RM2 International S.A.

(incorporated and registered in Luxembourg with number B 132 740)

to the Extraordinary General Meeting of Shareholders of the Company to be held on 23 September 2020, established in accordance with article 420-26 (5) of the law of 10 August 1915 on commercial companies (as amended)

4 September 2020

Dear Shareholder,

The purpose of this circular is to give you notice of the General Meeting to consider and, if thought fit, approve the Resolutions (as defined herein). The General Meeting is to be held at 5 Rue de la Chapelle, Luxembourg, L-1325, Luxembourg at 11 a.m. GMT/12 noon CET on 23 September 2020. The formal notice of the General Meeting is set out at the end of this document.

The Company's cash balance as of 31 August 2020 was approximately US\$ 1 million. Taking into account its monthly revenue stream and recurrent expenses, the Company does not have sufficient financial resources at the present time to meet obligations beyond mid-October.

As you are aware, the Company has been seeking debt funding for the production of its RM2 ELIoT pallets. Encouraging process has been made and discussions with potential funders are on-going. Nonetheless, the Company must seek interim funding to cover its SG&A and manufacturing expenses in the short-term.

After discussion, the Company believes that certain existing significant shareholders may be prepared to subscribe for additional Ordinary Shares in the Company's capital, although no agreement has yet been concluded. In order to raise funds quickly and to minimize the time and transaction costs, the Company is at this time seeking authorization from its shareholders to issue up to 600,000,000 new Ordinary Shares in the Company (the "Placing Shares"). It is expected that the Placing Shares are only being offered to a limited number of existing significant shareholders and the Placing Shares are not being made available to the public.

The terms of the Placing have not yet been determined, including the number of Placing Shares to be issued and the price at which Placing Shares would be issued, and subscription agreements relating to the Placing have not been entered into by the Company as yet. It is currently expected that the placing price will be USD 0.02 per Placing Share, but the Board reserves the possibility to issue Placing Shares at a higher or lower price per share as circumstances dictate (the "Placing Price"). It is possible that the Placing Shares may be issued in one or more tranches, and that their subscription may be subject to certain conditions, which might include achieving revenue or sales milestones or entering into financing agreements, the passing of the Resolutions, any conditions in the Subscription Agreements relating to the Placing being satisfied or (if applicable) waived, and the Subscription Agreements not having been terminated in accordance with their terms prior to issuance of the Placing Shares.

Richard Cashin currently holds 75.08% of the outstanding equity in the Company. For illustration purposes, should 600,000,000 new Ordinary Shares be issued solely to Richard Cashin pursuant to the authorization the Company is currently seeking, Mr. Cashin would then hold 87.2% of the outstanding voting shares in the Company.

In order to be in a position to execute quickly if and when an agreement is concluded with the significant shareholders with whom the Company is discussing the Placing, the Board is convening this General Meeting to authorize an increase in share capital via the issuance of up to 600,000,000 new Ordinary Shares. The Board will continue to explore all opportunities to maximize value for shareholders, and should a different transaction which would be likely to provide a greater return to all of its shareholders crystallize in the limited time available which would require the approval of different resolutions, a circular setting forth the terms of such a transaction will be distributed to shareholders along with a convocation to a new General Meeting of Shareholders and the General Meeting convened herein will not be held.

If an agreement is reached for a Placing, the Company expects that Richard Cashin, who currently holds 75.08% of the issued share capital of the Company will subscribe for all or a significant portion of the new shares and consequently, the Company believes that Mr. Cashin would vote his shares in favor of such a Placing. A super majority of 66 2/3 of the shares present or represented at the EGM is required to pass the Resolutions. As Richard Cashin alone holds sufficient shares in the Company to approve the Resolutions, the Resolutions are expected to be approved at the EGM.

Should the Placing be approved, the Company intends to use the net proceeds of the equity issuance for: (i) the retrofitting of existing inventory of RM2 Blockpals with RM2 ELIoT track and trace devices, (ii) the production of new RM2 ELIoT Pallets and (iii) its sales and general administrative costs. The proceeds will enable the Company to continue as a going concern in the short-term as it continues to seek to obtain complementary debt financing.

The Placing Shares will, if and when issued, be subject to the Articles, be credited as fully paid and will rank *pari passu* in all respects with the Ordinary Shares then in issue, including the right to receive all dividends and other distributions declared, made or paid in respect of such Ordinary Shares after the date of Admission.

For the Placing to proceed, the Company requires Shareholders' approval to authorise the Directors to disapply existing Shareholders' pre-emption rights in relation to the issue of the Placing Shares on a non pre-emptive basis.

The Resolutions also seek to maintain the capital authorized and available for grant under the Employee Share Option Program to a total of 100,000,000 shares, such that, up to 8.1% of its share capital is available for the incentive program assuming all of the Placing Shares are issued.

The Board believes that raising equity finance using the flexibility provided by a non pre-emptive placing is the only viable option for the Company at this time. This allows the Company to raise urgent funding for the Company's survival and avoids the requirement for a prospectus, which is a costly and time consuming process.

The primary reason for the Resolutions is for the Company to be able to raise sufficient funds for the Company to produce and/or retrofit further RM2 ELIoT pallets and to meet its ongoing working capital obligations and to enable the Company to continue as a going concern.

General Meeting

A notice convening a General Meeting, to be held at 5 Rue de la Chapelle, Luxembourg, L-1325, Luxembourg at 11 a.m. GMT/12 noon CET on 23 September 2020, is set out at the end of this document. For the Resolutions to be validly adopted, at least two thirds of the votes validly cast by Shareholders present or represented at the General Meeting must be cast in favour and with a quorum of at least 50% of the Shares issued.

Action to be taken

Shareholders will find enclosed a Form of Proxy or Form of Instruction for use at the General Meeting. Whether you are going to attend the meeting or not, please complete the Form of Proxy or Form of Instruction, following the instructions, and return it as soon as possible to the Company's Registrars, preferably through the use of their electronic voting system. Electronic votes must be lodged or forms must arrive at the latest by 11 a.m. GMT/12 noon CET on 18 September 2020 for Forms of Instruction and 11 a.m. GMT/12 noon CET on 23 September 2020 for Forms of Proxy. Returning the form will not stop you from attending the meeting and voting if you wish to do so.

Recommendation

The Directors recommend that you vote in favour of the Resolutions to be proposed at the General Meeting.

Should R. Ian Molson or any other director elect to subscribe for Placing Shares, such director will not vote on the Resolutions relating to Placing due to a conflict of interest. All non-subscribing Directors are expected to be voting in favour of the Resolutions.

Yours sincerely,

R. Ian Molson

Non-Executive Chairman
